

"SUPREME ACT OF HUMANITY"

Prompted the Pardon of Captain Dreyfus.

OFFICIAL JOURNAL PUBLISHES PRES. LOUBET'S DECREE.

Accompanying the Document is a Note by Minister of War Gallifet—Says That While the First Duty of All is to Respect Judicial Decisions, the Government Must Respond to Wish of the Country—Sentence Should Be Regarded as Already Served on Devil's Island.

Paris, Sept. 21.—[Special]—The official journal today published President Loubet's decree of pardon for Alfred Dreyfus, and accompanying the decree is a note by Minister of War Gallifet, saying that while the first duty of all is to respect judicial decisions, the government must respond to the wish of the country for pacification and quiet; also this "supreme act of humanity" is more useful on account of the health of the prisoner, and it is necessary to take into consideration the plain intention of the court martial that Dreyfus' sentence should be regarded as already served on Devil's Island.

Dreyfus is Heard From.

Paris, Sept. 21.—[Special]—A dispatch from Carpentras says that Dreyfus arrived there with his brother and they are stopping at the home of a sister.

Paris, Sept. 21.—Under the heading, "Declaration of Capitaine Dreyfus," the Aurore this morning publishes the following:

"The government of the republic restores to me my freedom. It is nothing to me without honor. From this day forth I continue to seek reparation for the ghastly judicial error of which I am still the victim."

"I wish France throughout should know by a final judgment that I am innocent. My heart will not be at rest until there is no longer a Frenchman who imputes to me an abominable crime which another committed."

"ALFRED DREYFUS."

London, Sept. 21.—The Times publishes the following dispatch from Liverpool: "A quantity of luggage has arrived here from Havre and Folkestone addressed to Mme. Dreyfus, and rooms have also been taken at a local hotel. The luggage is marked for New York, and it is supposed that Dreyfus is going to America."

The Paris correspondent of the Daily Telegraph says: "Dreyfus is so ill that he can live only a few months. The government has promised to watch over and protect him, and has recommended that he live on the Riviera. It is not unlikely that he will accept the villa offered him during the trial by the prince of Monaco."

Rennes, France, Sept. 21.—Capt. Alfred Dreyfus at 3 o'clock Wednesday left the prison here, in which he had been confined since his return from Devil's Island, and proceeded to Vern, where he took a train bound for Nantes. His departure was completely unnoticed.

M. Vigile, chief of the secret service, and the prefect, M. Dureau, arrived at the prison after midnight, bringing the minister of war's order for the release of Dreyfus. The latter walked from the prison to the Boulevard Laennec, where he entered a waiting carriage, and was driven to Vern station, outside the town. Mathieu Dreyfus met him at the train and accompanied him to Nantes.

While this dramatic turn in the Dreyfus drama was taking place all Rennes slept, and the departure of the famous prisoner of Devil's Island was no more noticed than that of an ordinary traveler.

The carriage which was in waiting was the same vehicle which took Dreyfus to his prison when he returned from Devil's Island. Dreyfus got in opposite the house where Maître Labori had stayed previous to the attempt upon his life, and alighted about 500 yards from the station and walked in regardless of the drizzling rain. The Nantes train came in just as he arrived. Alfred and Mathieu Dreyfus quickly took their seats and the train went out of Rennes, bearing Dreyfus away, a free man.

A small crowd of people had waited round the prison until midnight, expecting the release of Dreyfus, but it then dispersed, thinking it was too late for Dreyfus to leave.

Mme. Dreyfus left Rennes at noon, accompanied by her father and friends.

IN HONOR OF UNION SOLDIERS.

Wilder Monument Dedicated on the Field of Chickamauga.

Chattanooga, Tenn., Sept. 21.—The 113 Indiana monuments and markers and the Wilder brigade monument at Chickamauga park were dedicated Wednesday in the presence of 10,000 people. About 4,000 old soldiers from Illinois and Indiana were present.

The ceremonies began with the dedication of the Indiana monuments and markers. These represent an expenditure of about \$80,000 by the state of Indiana. Gov. Mount of that state delivered the address, formally turning the monuments over to the government. An address was also delivered by Gen. James R. Carnahan, a member of the Indiana park commission. The monuments were received with an appropriate speech by Gen. H. V. Boynton on behalf of the secretary of war.

Following the dedication of the Indiana monuments the Wilder brigade tower was dedicated. This tower represents an expenditure of \$18,000 by the members of the Wilder brigade, and it is the most imposing and massive monument on the national battlefield. At the Wilder shaft Major James A. Connolly of Springfield, Ill.; Gen. Smith D. Atkins of Freeport, Ill.; and others spoke. The speech of Col. Tomlinson Fort of Chattanooga was the first ever delivered by a confederate veteran on Chickamauga battlefield at the dedication of a monument to union soldiers of the civil war. N. B. Forrest camp, confederate veterans, was present, clad in uniforms of gray.

Wilder's brigade, commanded by Gen. John Wilder, was composed of the following regiments: Seventeenth Indiana infantry, Major W. T. Jones commanding; Seventy-second Indiana infantry, Col. A. O. Miller commanding; Ninety-eighth Illinois infantry, Col. John J. Funkhauser commanding; Ninety-second Illinois infantry, Col. Smith D. Atkins commanding; One Hundred and Twenty-third Illinois infantry, Col. James Monroe commanding; Eighteenth Indiana battery, Capt. E. Lilly commanding.

The organization was numbered First brigade, fourth division, Fourth army corps. It was mounted and armed with Spencer repeating rifles and did as much effective fighting, perhaps, as any other organization at the battle of Chickamauga. Sept. 9, 1863, the brigade forded the Tennessee river, after shelling Chattanooga from the surrounding hills, and captured the city. The command then advanced along the Western and Atlantic railway to Tunnel Hill, Ga., fighting confederates all along the way and once wounding Gen. N. B. Forrest. Gen. Wilder then fell back to Ringgold, Ga., and was afterward ordered to report to Gen. Crittenden at Chickamauga. Sept. 18, the command fired its first guns in the battle of Chickamauga, attacking a portion of the enemy's corps at Alexander's bridge. Afterward the brigade was engaged in the thickest of the fighting at Chickamauga, repulsing the enemy on several occasions, capturing prisoners and recovering a battery which had been taken from Gen. Sheridan. After the battle of Chickamauga the brigade followed Gen. Joe Wheeler's command to Sequatchie valley, Decherd and other places until he retreated to Georgia.

The monument is constructed of limestone quarried from the hills in the vicinity of the park. It is seventy-five feet high and is an embattled circular tower resting on a square base twenty feet in dimension. A spiral stairway on the inside leads to the top, from which a view of the entire park is obtained. The cost of the monument completed, was about \$10,000, the entire amount having been contributed by the members of the brigade, Gen. Wilder himself being the most liberal contributor.

WALWORTH COUNTY FAIR IS A SUCCESS

VISITORS CONTRAST IT WITH BIG STATE SHOW.

Opened Yesterday with an Attendance of \$15,000—Sad Meeting of Mr. Goddard with His Son at Dawson City—Insanity is Beyond All Question—State News.

Elkhorn, Wis., Sept. 21.—Yesterday was the first day of Walworth county's semi-centennial fair with an attendance of 15,000, and the attendance today and tomorrow, the remaining days, it is promised will be double this. In view of the success crowning the efforts of the fair's management in the past until it has come to be regarded as the best county fair in the state and a rival of the State fair in many respects, a comparison of the exhibit here with that made at the State fair last week was made yesterday by many who attended the latter. Department has been set beside department and class with class, and the result is that in some respects the Elkhorn fair is ahead, and in some the State fair is superior. After all, the success of a fair does not depend entirely upon the number of articles and animals gathered from the four quarters of the globe. In a county fair it depends partly upon a good agricultural, poultry and live stock exhibit, a select variety of entertainments of the side show family and a friendly disposition on the part of the patrons of the fair. In the state fair more is needed. A state fair is generally, nowadays, held near some large city, and it is necessary to have, in addition to good agriculture display, some eminent attraction that will amuse and attract the city people, as well as please the visitors from the rural district. A county fair will thrive and reach a merry old age at a 25-cent admission when a state fair will only worry along with a half dollar admission. A county fair is the people's Harvest Home reception at the close of the fruit time of the earth, and everybody looks forward with equanimity to the day when families open their voluminous lunch hampers on the fair ground and talk over things of interest with their townsmen. A state fair can hardly hope to grow in success unless something greatly superior to the best county fair can be shown.

In brief, it may be said that the racing program at Elkhorn is practically the same that was given at the state fair. About the same classes were featured, and the entrance fee was 25 per cent. of the purse, an extra 5 per cent. being deducted from the winners.

Didn't Know His Father

Chippewa Falls, Sept. 21.—A letter from Mr. Goddard's counsel at Dawson City, received Tuesday, assuring the family of the immediate final disposition of Arthur Goddard's case, was followed yesterday by a letter to Congressman Jenkins from the state department, assuring him that a decision has been made peremptorily to dispose of the case by a finding that the defendant was insane at the time he killed his companion, Prather, last May, and was now insane; that the physician and crown officials, who had been making a careful study of Goddard's mental condition were unanimous in their conclusions that the prisoner was insane, hence rendering a trial unnecessary; that the court could commit him to Westernmost asylum, Vancouver Island, B. C., thus happily ending the painful suspense of the family as to the fate of the unfortunate young man.

The meeting of the father and son was a most unhappy one, as the young man failed to recognize the elder Goddard.

Price of Paper Rising

Appleton, Wis., Sept. 21.—The price of book paper has begun to rise after a period of years during which there has been a steady drop. Book paper is now selling at an increased rate from every mill in the country, the increase being from 8 to 10 per cent. The demand began to increase rapidly, and the call for goods has grown so steadily that all of the big mills, and most of the smaller ones, are crowded. It has now become a question not of getting orders, but of getting out on time those already contracted for. The causes other than the demand which have produced the results were the short supply of raw material.

Kenosha, Wis., Sept. 21.—The local doctors report an epidemic of typhoid fever in this city. The disease has been prevalent for the last month and seems to be increasing. BOERS TO MASS AT STRATEGIC POINTS

MEMBERS OF RAAD ARE DEMANDING AUTHORITY.

Commander Joubert is Quoted as Saying the Situation is Serious—Expects Heaviest Fighting to Occur on the Natal Border—Opinion as to England's Invasion.

Pretoria, Sept. 21.—[Special]—The members of Raad are demanding the authority for the Boers to mass at strategic points.

Commander Joubert is quoted as saying that the situation is serious and expects the heaviest fighting, if hostilities break out, to occur on the Natal border. He believes the English will try to invade the Transvaal by way of the Van Rensselaers pass.

London, Sept. 22.—The Johannesburg correspondent of the Morning Post cables that Boer officers are urging the government to begin hostilities before the British reinforcements arrive. It appears that only a feeling of superstitious prevents the adoption of this course.

It is said unofficially that if the next British dispatch refuses arbitration, the Boers will begin war. If no reply is received by next Thursday, the Boers will regard the forwarding of British troops as a casus belli.

Commandant General Joubert states that he will not allow correspondents to accompany the Boer troops in the event of war.

Cape Town, Sept. 21.—Sir Alfred Miller is reported to have telegraphed to President Steyn of the Orange Free State asking to be informed as to the Free State's attitude toward the Transvaal, and assuring him that the dispatch of British troops to the frontier does not menace the Free State.

It is said that President Kruger has cabled a long appeal to Queen Victoria, beseeching her to intervene to prevent bloodshed. It is asserted that the message begins, "Dear Queen."

Free State Burghers Defiant

A meeting of Orange Free State burghers at Krommstad passed a resolution declaring it to be their conviction that Chamberlain was determined to force the Transvaal into an unholy and unrighteous war, and instructing their members in the volksraad to support any motion to assist the Transvaal. Krommstad is close to the Transvaal border, and is, therefore, more sympathetic than other parts of the Free State are likely to be.

The burghers throughout the Orange Free State have been warned to hold themselves in readiness when required. Bloemfontein presents the appearance of a military camp. Crowds of armed burghers have arrived to learn the decision of the volksraad, which holds a special sitting on Thursday to consider whether the Free State is to throw its lot with the Transvaal.

The Daily Mail's correspondent at Pietermaritzburg says that arrivals from the Rand declare that martial law will be declared there tomorrow, and that the frontier will shortly be closed. The strongest martial spirit pervades it.

London, Sept. 21.—A dispatch to the Times from Johannesburg states that well-informed burghers are advising outlander friends to leave immediately, as martial law will probably be proclaimed before the end of the week. When this is done the government will insist that all persons not favoring the Boers shall leave the Transvaal within forty-eight hours.

London, Sept. 21.—Great Britain's relations with the Transvaal remain unchanged, and so far as the former is concerned, the situation is not likely to take on a new phase until after Friday's cabinet council. Whether the Boers will be content to wait even that long before ending the suspense with hostilities appears open to a great deal of doubt.

The second edition of the Morning Post contains the dispatch from Pietermaritzburg, Natal, dated Sept. 19, saying: "I have never known the situation to be graver. The Boers only await two days' rain on the veldt before beginning hostilities. They are determined on war and consider they can expect nothing else, after the last dispatch and are prepared to face the consequences."

The correspondent then describes in detail the Boers' elaborate border preparations, which appear more thorough and formidable than heretofore believed. He says the Orange Free State officers at Pretoria have devised a combined plan of action, which, he adds, includes seizing Majuba, Laing's Neck, and Newcastle, Natal, the moment the ultimatum arrives.

Continuing the correspondent asserts that the Portuguese officials at Risano-Garcia have arrested some Boer officials on the charge of constructing a laager in Portuguese territory.

Salisbury Desires Peace

Paris, Sept. 21.—It is felt here that at Friday's meeting of the British cabinet Lord Salisbury will call down Mr. Chamberlain and prepare the way for a peaceful issue in the Transvaal imbroglio. The appeal is made to Salisbury not to sully his own career in the closing years of Queen Victoria's reign by a war without glory, though not without danger.

STUDENTS TO RENEW WORK

Many Local Students to Attend State University and Other Institutions

This year promises to be up to the standard in sending students to the different colleges and universities. Janesville has, in the past, been ahead of all the cities of Wisconsin, excepting Madison and Milwaukee, in the number of students sent to the University of Wisconsin, and while the percentage is not as large this year as in the past, a large number have signified their intention of attending. The graduating class of last year was the largest on record in Janesville, and it can be expected that it will send a large number to the places of higher learning. A few have chosen to go to other universities, but the percentage is smaller than those who will attend our own university. Among those who will go to school are: Arthur Anderson, Thomas Hogan, Henry Carpenter and Frank Shepard to the University of Wisconsin; Boyd Nott, Missouri State University; Ed. Behrendt, Chicago University; and Ira Miltimore to Rush Medical at Chicago.

Verdict Not Made Public

Carterville, Ill., Sept. 21.—The coroner's jury, in session since Sunday afternoon, refused to make public the verdict. It is generally thought that their verdict will lead to the arrest of the negroes who took part in the riot. So far, out of thirty-six men arrested, none have been the colored men from the Brush shaft, and that fact has created much comment. Wednesday the sheriff arrested seven more, as follows: Robert Winnie, Jr., Mast Shadownes, Frank Crider, Gust Mar 23, Thomas Hadfield, Richard Kelly and Jasper Belitz.

SEVEN DAYS WITH BARNUM'S CIRCUS

AMERICAN ENTERPRISE NOW
IN SCOTLAND.

Gazette Representative Meets Many
Americans in the City of Edinburgh
—England Now Lays Claim to the
Yankee Show—British Money is
Interested.

Seven days with a great circus is a novel and entertaining experience, especially with an American show like the Barnum & Bailey in a foreign land, several thousand miles from home. That is just what I have been doing in the city of Edinburgh, Scotland. On the morning of Sunday, September 4, the "Greatest Show on Earth" pulled into Edinburgh at 8 o'clock in the morning. The same reception extended the great circuses in America, awaited the Barnum show in Edinburgh. Fully a thousand men, boys and girls were on hand to watch the unloading of the cars. It takes a total of sixty-seven cars to transport the show and on account of the construction of the railroads in England, these cars had to be built in Great Britain. The circus as a whole differs but little from the show when it traveled in America. But connected with the show you will find many queer methods that you will not find in connection with circuses traveling in the United States. Two ticket wagons are used for the reason that here in England they sell to an adult five different priced tickets of admission, ranging from twenty-five cents to two dollars, according to the location of the seat. It is on the same principle as the opera houses in America, where different prices range from the gallery to the pit. When the monied Englishman attends an entertainment he prefers to pay a good price and be with members of the best class. All the theatres in England and Scotland have separate street entrances for the different priced seats. When the Barnum show opened in London, the Englishman of money made a vigorous protest when he found that he had to mingle with the crowd in the animal tent, and the management informs me that the same complaint is made every day in Scotland. The same extensive mode of advertising is used in this foreign land, and all the lithograph paper is printed in America. As you enter the animal tent, you see about the same number of cages and animals as you do in any great show. In the center of this tent you find a full equipped saloon in place of a lemonade and candy stand. Here in Great Britain they think just as much of having their beer, ale and whisky, as we would expect to see red lemonade at such a place and time. Waiters pass through the audience with these drinks, and women order their whisky the same as the men, although not as frequent.

The opening day of the show in Edinburgh drew a crowd that filled three fourths of the big tent, which has a seating capacity of seven thousand people. Three rings and two platforms are before you, while above and around the interior of the tent is gayly decorated with English and American flags. At 2 o'clock the band opened the program by playing the "Star Spangled Banner." In one portion of the reserved seat section were at least two dozen American boys and girls from Buffalo and Rochester, N. Y., and as the band finished playing this familiar American piece, the New Yorkers set up a regular Indian howl and finished by giving three cheers for President McKinley. Several Scotchmen who were near, looked disgusted, and I overheard one of them say: "That is another lot of those bloody fresh Americans. You would think they owned a great bit of this country by the way they carry on." For two hours the circus program goes on and differs but little from what you have seen in America. The usual after-concert follows and in this country a greater portion of the

audience remains, the price being six pence or twelve cents in our money. It was not the circus that amused me. It was the class of people that attended. When the Scotchman visits the circus you can depend that he leaves none of his family at home and at Edinburgh it was a common sight to see a working man enter, accompanied by his wife and eight children, each one of whom had a high priced seat. It takes but little to please the average Scotchman and he laughs heartily when given half a chance. During the time the clowns were carrying on their idiotic fun, I could see hundreds of Scotch men and women with mouths half open, eyes blazing with delight, and applauding in honor of jokes that were so old that they would never be tolerated in America.

The Scotch boy and his best girl, fresh from the country, were on hand in goodly numbers. They were arm in arm when walking and in many cases holding hands when seated. They managed to purchase peanuts every time the vender came around and of course remained to the concert. The wearing apparel of both was thoroughly Scotch, both in material and make. The girl in most instances wore a bright plaid dress with cap to match. Her escort looked happy in an ill fitting suit that would be dear in America at five dollars. But then, you must remember that the city chap and his best girl were on hand to represent the style and wealth of Edinburgh. This young man in most cases presented a fine appearance, being attired in light trousers, black frock coat and patent leather shoes. A silk tie graced his head and in his hand carried his gloves and walking stick. If he was smoking it was generally a cigarette. The lady companion with but few exceptions, was what I would call a handsome girl. Her dress is always of a rich material and looked and fitted perfectly. Beautiful and costly rings and pins formed the jewelry display. In most instances these couples were not satisfied to reach the show grounds via the street car route, but came in carriages with driver and footman. The greater portion of the performers with the show are Americans, but not so with the workmen.

Since being in the British Empire, the management has engaged over two hundred Englishmen and Scotchmen. Four and eight horse drivers are not to be found here, as the native drivers generally lead their horses if they have more than one to manage. Last week six drivers from America arrived to join the show.

The second day I was with the show I met Arthur Windish, a well known Janesville boy who joined the Barnum & Bailey show when they left for England in November, 1897. Mr. Windish now holds a position as head lithographer with advance car No. 2, which is two weeks ahead of the show. He has gradually worked up to this position and is considered a valuable man by the management.

Since coming to England this great American show has enjoyed a big business in every town visited. After a close inspection of the Barnum & Bailey show, I do not think it the equal of Ringling Bros'.

It was in November, 1897, that the Barnum show opened in London, where they played before crowded houses for fourteen weeks, during which period a net profit of one hundred and twenty-five thousand dollars was made. Before the show was allowed to open in London, members of the London county council first demanded that a fire proof curtain should be stretched the entire length of the building in which the show gave its performance. Several members of the London council were interested in theatres and they did not want the American show there taking money from their play houses, so they took this fire proof curtain method. But the curtain was erected at a cost to the show of sixty thousand dollars.

The Barnum show is now a stock company of four hundred thousand shares, with a capital of two million dollars. The profits of last year were over twenty-eight per cent. on the whole capital of the company. This fall the show crosses into Germany. During the coming world's fair, they expect to be in Paris.

SCENIC EFFECTS WERE ELABORATE

LAST NIGHT'S AUDIENCE AT
GRAND WAS PLEASED.

The Stage. Sitings of "Under the Dome" Were the Best That Ever Happened—"The High Rollers." Another Good Attraction, Booked for Friday and Saturday Evenings.

The audience at the Myers Grand opera house enjoyed a treat last evening in the presentation of "Under the Dome," for the first time in this city. The feature of the production is the scenic effect, as in all of Lincoln J. Carter's undertakings. "Under the Dome" is a naval drama, and a portion of the play deals with recent international history, especially of the nations interested in the Samoan affair in 1899, the principal event of the play occurring during the fearful hurricane which swept the harbor of Apia and affords a great opportunity for the scene painter and stage mechanic arts. The effect of this scene was so realistic that wraps were resorted to. In the scenic effects of this drama, Mr. Carter, the author, has surpassed all previous attempts. The ferry boat scene, the view of the capitol at Washington and the Samoan coral reef were grand. The scene of the sinking battleship was simply awe inspiring and the wonderful effects were appreciated to that extent that the audience demanded the raising of the curtain several times. Aside from the stage settings, the play is of a somewhat ordinary character, though above the average. It abounds in sensational situations. D. H. Barnes as Ned Langmuir, the hero, was the leading character and was quite clever. Geo. Lockwood as Seth Baldwin, his cousin, played the part of the villain very acceptably, while George Hanna as Howard Considine, as Baldwin's attorney, afterwards consul to Samoa, was perhaps the most natural in his line. W. E. Betts, as Dave Bowers, boss of U. S. flag ship Tregon, did very well indeed. The men making up the balance of the cast were of but mediocre ability. Idah Anderson, as Nora Considine, daughter of Howard, was the leading lady. While her features were not very handsome, she "made up" for this misfortune by her graceful air. Madeline Hunt, as Card Cummings, a poor relation, did exceedingly well, especially in her specialty work. The specialties as a whole were very good, and all in all the evening's performance, gave general satisfaction. It was claimed that the production was a scenic play, and such it was, and in this respect all were delighted.

"The High Rollers."

A great show is billed for Friday, and Saturday at the Myers Grand opera house. "The High Rollers" burlesque company will make their debut before a Janesville audience at this time, and callow youths and aged baldheads, with money to incrementate, are speculative upon the topical time which will be in vogue at the Grand during this engagement. The "High Rollers" are happily named. Their two burlesques, "The High Rollers at the Paris Exposition" and "The Great Rubie" having caught on all along the line. The Paris Exposition affords Blanche and Rene Washburn as the Misses High Rollers, who are ever looking for a good time, an excellent opportunity to display the good looks and accomplishments nature has so lavishly endowed them with. They are very handsome women, with beautiful figures, rich and highly cultured voices and elegant stage presence.

Their support is an excellent one, including ten comedians and a bunch of twenty beautiful maidens. They are a lot of pretty peaches, which to be seen is to be appreciated. The olio is up to date, with 355 days to its credit in advance of all competitors. Every act adds to the strength of the program. The performance closes with a burlesque on Augustin Daly's reproduction "The Great Rubie." It bubbles over with wit and mirth-provoking situations that thoroughly demonstrate the versatility and talent of this excellent company, all of whom appear in this part of the bill, and, taken together, are away above the average burlesques seen in this city, and prove that what the Washburns and their associates do not know about High Rolling, is like the North Pole, still undiscovered.

WEATHER AND CROP BULLETIN

Week favorable for Corn Cutting—Potato Crop Fully Matured.

The average temperature for the past week was about 10° lower than that of the week previous. Killing frosts occurred in the northern and central counties on the 18th and 14th and light frosts in the southern section on the same dates. In a few localities the damage to late corn, late potatoes and gardens was considerable, but generally these crops were fully matured and the injury was comparatively slight.

The rainfall during the week was very light and confined principally to the extreme southeastern and west central counties. There is generally a fair amount of moisture in the soil, but more is needed for ploughing and to give fall grain a good start, especially in the southern portion of the state.

The week was favorable for cutting corn and this work is now nearing completion. The frosts of the 13th and 14th did little damage, except to very late plantings, as the bulk of the crop was fully matured. The crop as a whole is considered very good, although in some sections, particularly in the south eastern, the yield has been somewhat shortened by the excessive heat and dry weather during August.

The potato crop is fully matured and digging has commenced. The crop is good, notwithstanding some loss from dry weather and blight.

Picking cranberries is in progress, and a very excellent crop is being secured. Rock county—Stebbinsville: Farmers busy cutting corn; tobacco harvest about completed; crop good and secured without injury from frost.

MILWAUKEE COMING MONDAY

X. M. C. A. Will Again Play the Famous Cream City League Team

Local base ball enthusiasts are highly elated over the fact that another opportunity will be offered them to witness a game of ball between the famous Milwaukee league team and the local X. M. C. A. nine.

Final arrangements were made yesterday afternoon and the game will take place at Athletic park next Monday afternoon, September 25.

The Cream City team, recently reorganized under the management of Joe Cantillon, well known to the local fans, having disbanded as a league team.

Adkins and McMasters will play the points for Janesville and they will labor hard to defeat the visitors, which they came very near doing upon their last visitation to this city, the score being 2 to 0.

The fact that this will probably be the last game of the season should insure a large attendance of the local enthusiasts. A good game can be depended upon.

SOME PEOPLE say. The modern idea in building is to have the bath room and plumbing convenient and nice, if you are obliged to cut off on something else.

That Double System of Plumbing....

we are putting in many houses, is a convenience well worth looking into. It can be placed in any house. With it you have soft water for the bath and lavatory purposes and with the turning of a valve you can run city water, through the pipes. A motor elevates the soft water automatically. We would be pleased to explain it more fully to you.

We offer a 24-inch jacket, box front, extra high collar, excellent lining—a thoroughly good Astrachan Jacket—at \$29.00.

Fur Capes.

We make a specialty of fur capes. Our present assortment comprises a beautiful lot of them. Long, sensible capes, 27, 30 and 33-inch lengths, with sweeps of 110 and 115 inches in wool seal with opossum or marten collars. Monkey capes Electric seal with marten collar and edge.

Astrachan Beaver and Novelties.

Cloth Capes, Plush Capes.

We are not caught napping. All kinds of outer garments are higher, because cloths have advanced and the great demand for garments gives employment to all the garment-workers in the large manufacturing centers and the scarcity of skilled labor sends up wages, as the experts can command a marked increase over summer prices. We placed our orders in May and June. Capes of plush or cloth will be very good and we show all the new things.

GOLF CAPES—By far the most attractive styles here

We make them to order also from beautiful Steamers Rugs. Like qualities in ready-made capes cost from \$5 to \$10 more than we get them up for.

It is hard to say new things about Doan's Kidney Pills. They cure the lame and aching back, the sufferer from kidney disorders and the troubles of those whose urinary organism is wrong in its action. That they do this is so easy to prove that not a vestige of doubt remains. Public endorsement of local citizens is easily proven. Read this case:

Mr. E. Dillenbeck, of 126 Milton Ave retired farmer, says: "My wife was troubled with kidney complaint for four or five years, and complained of pains in the small of the back in the region of the kidneys. The symptoms all indicated that the kidneys were deranged, and the doctors who treated her said that those organs caused the trouble. As she did not get any better we thought Doan's Kidney Pills might give her relief, and procuring them at the Peoples drug store, I had her use the remedy. It did for her all that could be expected and did her a great deal of good. We can recommend Doan's Kidney Pills and you can use our names as saying what has been stated above."

THIS DAY IN HISTORY.

The united tidal action of sun and moon on the atmosphere is greatest at this date, which some take to be the cause of the "equinoctial storm."

1558—The famous Charles V of Germany, etc., died at the monastery of San Yuste, Spain; born 1501.

1776—Great fire in New York Warren.

from the Battery northward along North river; Trinity church and 500 other buildings burned.

1778—Louis Bonaparte, brother of the emperor, king of Spain and father of Louis Napoleon, born at Ajaccio, Corsica; died 1846.

1820—Joseph Rodman Drake, American poet, died; born 1792.

1832—Walter Scott died; born 1771.

1855—William Warren, eminent American actor, died in Boston; born in Philadelphia in 1812.

1895—Professor Abraham Victor Rydberg, Swedish author, died at Stockholm.

1896—Professor William Crawford Willcock, astronomer at the United States naval observatory, died at Bay Head, N. J.; born 1859.

Gov. Scofield acted wisely in appointing O. T. Williams, of Milwaukee, to the Superior Court bench, to succeed the late Judge Sutherland. Judge Williams was a former student at Milton college, paying his way by doing odd jobs during his leisure time. Judge Dunwiddie of this city was one of his classmates.

The center of the city, according to all the maps published showing the city limits, and quarter, half, three quarter and mile divisions, is at the site of the present postoffice building. The "king lot" is the best site for a city hall, and the council should buy it.

S. C. Carr of Milton; Wm. Gillies of Evansville; and H. C. Taylor of Orfordville will represent Rock county at the meeting of the Farmers' National Congress at Boston, beginning Oct. 3. Gov. Scofield announced the appointments on Tuesday.

The writer who skulks "under a nom de plume exhibits monumental gall when he signs himself "In Justice to All." The man who doesn't sign his name to his communications should take the name, "In Justice to None."

The new post office will be three blocks from the center of the city. If a city hall were built on the "King lot", it would be just the width of the river more than a block and a half from the center of the city.

Ex-Secretary Alger has withdrawn from the canvass for United States senator from Michigan, and in consequence the party will be in harmony in that state.

Everyone would be glad to shift the "center of the city" to a point of land owned by the would be shifter, but it cannot always be done.

President Loubet was a little slow in pardoning Dreyfus. Everyone else had pardoned him long ago.

PAYS A TRIBUTE TO I. C. SLOAN

Memorial Presented to Circuit Court by Dane County Bar Committee.

At the memorial services in the municipal court at Madison, Monday afternoon, B. J. Stevens, H. M. Lewis and R. B. Smith, as a committee from the Dane County Bar association, presented the following tribute to the late I. C. Sloan: "Mr. Ithamar C. Sloan was born May 6, 1823, at Morrisville, in Madison county, New York, and was admitted to the bar at an examination had at the general term of the supreme court of the state held at Ithaca, New York, about the time of the adoption of the present code of practice. He early became the partner of Timothy Jenkins, one of the great lawyers of central New York. As junior partner, unpaid by Mr. Jenkins, he successfully tried against Samuel Stevens of Albany, the Oneida Indian reservation cases. "In 1858 he came to Wisconsin and settled at Janesville, and shortly thereafter, was elected district attorney for two years, and later to congress for four years. He was there the close friend of Thaddeus Stevens, and is said to have aided him in his efforts to plausibly justify the extremely radical course taken by that gentleman. A few years after leaving Washington, he came to Madison, as the assistant of his brother, A. Scott Sloan, and then attorney general of the state, and engaged in general practice here. "It was here that he prosecuted the famous Granger cases, and made in the supreme court of the United States an argument, which Justice David Davis, a year or two later assured a member of this committee, was as able an argument as he had heard in that court—as able an argument to further use the justice's language, as could be made. "It was habitual with the late Judge John B. Bennett, of the Janesville circuit, to speak of Mr. Sloan as a lawyer of as great professional resource and as much natural legal ability as any he had encountered at the bar. "It is, I am sure, the consensus of opinion of this bar that in the passing

away of Mr. Sloan, one of the great lights of the profession has disappeared from our midst."

Before the final adjournment of the Episcopal council at Milwaukee, yesterday, the following elections and appointments were made:

Treasurer—Charles P. Jones, Milwaukee; Treasurer of Board of Missions—Charles P. Jones, Milwaukee; Registrar—The Rev. Canon St. George, Milwaukee.

Trustees of Funds and Property—George Burroughs, Milwaukee; Dr. Piper, Kenosha; F. A. Proudfoot.

Board of Missions—George Burroughs, Milwaukee; Dr. Piper, Kenosha; F. A. Proudfoot; Rev. L. F. Holmes, Sussex; W. McVette, Hudson; the Rev. L. F. Holmes, Sussex; Charles P. Jones, Milwaukee; William R. Rugg, Janesville; Calvert Spenceley, Mineral Point; E. C. Kenney, West Superior; Charles E. Kelsey, Eau Claire; O. Halway, La Crosse.

Standing Committee—Clergy: Dr. W. W. Webb, Nashua; Dr. E. P. Wright and James S. Slick, Milwaukee; Dr. Piper, Kenosha; lay members: L. M. Johnson and E. C. Brockway, Milwaukee; Judge Putney, Waukesha; J. L. Bostwick, Janesville.

Delegates to Missionary Council in St. Louis: Dr. Wilkins, La Crosse; L. E. Morehouse, Milwaukee.

Commissioners of the American Church Building Fund—The Rev. E. G. Richardson and K. D. Peterson, Milwaukee.

It was voted to allow women to vote at parish meetings, but refusing to allow them to hold church office. There was an extended debate before the resolution was adopted, and Rev. A. H. Barrington, rector of Christ church, created something of a sensation by stating that women had voted at the parish meetings of his church, because it had been held that they could do so under the state law governing corporations. Moreover, Mr. Barrington thought it a good thing that they had.

Endowment Fund Report

In line with all the discussion for bettering the financial condition of the diocese was the report of the Committee on the Endowment Fund, which was presented by the Rev. Mr. Barrington of Janesville. Mr. Barrington said that no member of the council needed to be told that the present manner of making assessments was unpopular, to put it mildly. He was sure there must be some better way, and in support of this he outlined the workings of the "Christian plan," by which churches insure their lives on the endowment plan for the benefit of the church. In Chicago the plan, adopted only last May, has worked so successfully that instead of stopping with the \$250,000 endowment originally planned for, one of \$500,000 is to be raised. What could be done in Chicago could be done in the Milwaukee diocese, and he asked permission to further investigate the plan in order to make a definite report on it next year. This was granted.

As To Country Cemeteries.

A question of a good deal of interest, especially to country parishes owning their own burial grounds, was brought up by the Rev. L. H. Holmes of Sussex. On the form of a resolution providing for stricter limitations on the use of these cemeteries and for thirty year leases of lots, with small annual assessments besides, so that there shall thus be created an endowment fund for the care of the cemetery. It seems that the dead of the various denominations have been buried in one of these cemeteries, people taking or granted that their use is free to the public and nothing could be said regarding the kind of burial service or the sort of monument erected. All this Mr. Holmes provided for in the resolution, which had the bishop's warm approval and was unanimously adopted.

Name of the Church.

One item in the report of the committee on canons that caused some comment was the proposal, which was read to, to use the phrase "commonly known as the Protestant Episcopal church," instead of "known in law" wherever such phrase occurs in the constitution of the diocese. The Rev. Mr. Oliver could not see the need of such a change.

"Where is the church 'commonly known as the Protestant Episcopal church'?" he demanded. "Not in Kilburn, anyway."

"There is nothing 'common' in Kilburn," retorted the bishop laughingly. Mr. Oliver stoutly voted "no" to the "ayes" of the rest of the council.

Report of Treasurer.

The report of the treasurer, C. F. Jones, showed a balance of \$118.28 in cash and an outstanding note of \$1,500. The board of missions reported a deficit of \$240.

This morning the meeting of the Women's auxiliary of the diocese began at John's church. At 9:30 o'clock there was a service with holy communion. The Rev. Dr. Wilkins of La Crosse, Rev. C. L. Mallory of Delavan, and Rev. Dr. Beecher of Platte City, gave addresses. Luncheon was served at noon and in the afternoon the men held a business meeting.

Terrant Mahoney

Mrs. Johanna Foley of No. 2 Emmett street, received the sad news of the accidental death of her son, Terrant Mahoney, at Fremont, Neb. Mr. Mahoney left here two weeks ago, having secured a position as brakeman on the Fremont, Elkhorn & Missouri Valley Ry. The telegram from the superintendent of the road to Mrs. Foley, did not state any particulars, but it is quite probable that Mr. Mahoney met his death while engaged in the pursuit of his duties. The remains will be brought here for burial. He leaves a brother and five sisters, as follows: John Mahoney, Chicago; Minnie Mahoney, Chicago; Anna Mahoney of this city, and Josephine, Nellie and Lulu Foley of this city, all of whom have the heartfelt sympathy of their many friends in their bereavement. MANY ODD FELLOWS IN PARADE

Great Event in the Diamond Jubilee of the Order at Detroit.

Detroit, Mich., Sept. 21.—For more than an hour Wednesday afternoon 4,500 Odd Fellows and their sisters of the Rebekah order were passing in review before Grand Sire Pinkerton, Deputy Grand Sire Cable and Major-General J. P. Elliott, chief of the grand sire's staff. It was the finest and the largest procession seen in Detroit since the great Grand Army parade in 1890.

Ohio sent six cantons of patriarchs, Indiana three, New York three, Pennsylvania three, Massachusetts three, Michigan three and St. Thomas, Ont., one.

Propositions to make membership in both the Patriarchs Militant and Grand Encampment compulsory for representatives in the sovereign grand lodge were defeated.

The Sovereign Grand Priory of Canada, Knights Templar, concluded its annual session in Windsor. J. V. Ellis, M. P., of St. John's, N. B., was elected supreme grand master.

PRESIDENT'S WESTERN TRIP.

Chief Executive Will Visit Many Cities Before His Return.

Washington, Sept. 21.—The arrangements for the president's western trip are being perfected. He will be in Galesburg, Ill., on Oct. 7 and at St. Paul to receive the Minnesota volunteers returning from the Philippines on the 12th. From the 8th to the 11th he will be in Chicago unless the celebration there is abandoned. There are a number of other engagements in contemplation. The invitation to attend the reunion of the Blue and Gray at Evansville, Ind., between the 10th and 13th, cannot be accepted because it will conflict with the Minneapolis and St. Paul engagement. A committee called at the white house and urged the president to go to Sioux City after his visit to St. Paul. It is probable that the president's arrangements can be adjusted to accept this invitation.

Daring Attempt to Rob Illinois Bank.

Chicago, Sept. 21.—In the course of an unusually bold but unsuccessful endeavor at 2:30 o'clock yesterday afternoon to rob Charles H. Patten's private bank at Palatine, Walter Lawton, the lone desperado who made the daring attempt, was wounded with his own revolver, probably to the death, and Frederick J. Filbert, his intended victim and the cashier of the institution, was beaten with a hammer until he lay on the floor apparently lifeless.

His confessed motive for the assault was revenge on Filbert, who, he alleges, alienated the affections of his wife. His story is believed by the police, however, to be weak in spots, and they have no doubt the looting of the bank was his ultimate design.

LEAVE TRUST CONFERENCE.

Republican Officials Refuse to Participate at St. Louis.

SAY MEETING IS PARTISAN.

Gov. Shaw of Iowa and Attorney-General Taylor of Indiana Become Indignant Over a Speech of Gov. Stephens of Missouri—The Resolutions.

St. Louis, Mo., Sept. 21.—With seven governors and six attorney-generals, representing nine states, the anti-trust conference began Wednesday, and was lively from the start. It had been given out that the conference was to be non-partisan, that the trust question was to be discussed without political bias, and that the republican and democratic governors and attorney-generals were to come together as a political happy family, but Gov. Lon V. Stephens of Missouri spoiled the program by making a rabid democratic speech, and instantly the partisans lined up. Gov. Shaw of Iowa took the first opportunity to reply to the Missouri governor. In the evening Gov. Shaw returned to Iowa, convinced that the anti-trust conference was a democratic scheme.

Atty.-Gen. Taylor of Indiana, a republican, said that pressing business required his immediate presence in Indianapolis, and he also left for his home.

The conference will come to an end this afternoon, and last night the committee on resolutions, after wrestling with the trust problem behind closed doors, adopted resolutions which are to be sent to the governors of all the states, with the request they transmit the "suggestions" to their legislatures to the end that a uniform anti-trust law may be adopted. The committee on resolutions is composed of Govs. Stephens and McMillan and Atty.-Gens. Davis of Arkansas, Oren of Michigan, Nolan of Montana, and Smith of Texas, Insurance Commissioner Heitler of Washington and Monroe McClurg, democratic nominee for attorney-general of Mississippi.

Atty.-Gen. Smith offered the committee the resolutions, which he said embodied the ideas of those who had called the conference. The resolutions adopted read as follows:

"Resolved, That we believe all combinations between individuals, partnerships or corporations to regulate or to fix the price of any article of manufacture, merchandise or commodity, or of any article or thing, whatsoever, is unlawful and will deprive the people of their fundamental right to sell and buy in the open market, which should be regulated by competition as it existed before the day and formation of pools, trusts and combines.

"2. That we favor both state and national legislation prohibiting such combinations and trusts, and in this conference we emphasize the importance of securing as nearly as possible uniform legislation in the several states on the subject of the incorporation of private corporations and of their doing business by 'comity' in other states than in those where incorporated, and particularly to the end that combinations, pools and trusts shall not be permitted to do business in any state."

When Gov. Sayers called the conference to order there were in the room Govs. Leslie M. Shaw of Iowa, Hazen S. Pingree of Michigan, Benton McMillan of Tennessee, Lon V. Stephens of Missouri, Daniel W. Jones of Arkansas, Joseph D. Sayers of Texas, Charles S. Thomas, Colorado; Attorney-Generals Crow of Missouri, Nolan of Montana, Smith of Texas, Davis of Arkansas, Oren of Michigan and Taylor of Indiana.

In the evening Gov. Pingree was the only speaker. He said he favored a federal law prohibitive of monopolies, with the machinery necessary to make it effective, with state laws to supplement it.

NORFOLK HOSPITAL BURNING.

Fierce Flames Spreading—Nurse Is Hurt—Patients Removed.

Norfolk, Va., Sept. 21.—St. Vincent's hospital caught fire early this morning. The flames started in the fifth story in the south wing. Mrs. Dolane, a nurse, was badly injured. The Portsmouth fire department was called on for help at 2 a. m. The south wing of the hospital fell in at 2:30, and the firemen at 2:45 were endeavoring to save the main building. The entire Wood street side of the building was in flames, and the Church street wing was ablaze.

It is thought that no part of the structure can be saved. The building is valued at \$250,000.

All the patients have been removed at 3:15 a. m. Two patients are missing, one an insane man and one woman. The building will be a total loss.

Gives Women Right to Vote.

Milwaukee, Wis., Sept. 21.—The Episcopal diocesan council in session here, by a vote of 27 to 23, accorded to women the right to vote on all church and parish matters. This is said to be the first time that such a privilege has been given to women in the Episcopal church.

Pythians Elect Officers.

Indianapolis, Ind., Sept. 21.—The supreme lodge of the Knights of Pythias adjourned after electing officers. Louis Ingwersen, New York, was chosen supreme commander. The next meeting of the supreme body will be held in 1901 in Chicago.

Wilmotte Postoffice Robbed.

Chicago, Sept. 21.—Burglars entered the postoffice at Wilmotte early yesterday morning and looted the safe of \$500, and a small quantity of large denomination postage stamps.

WINE OF CARDUI

THE LINK THAT BINDS.

JACKSON, TENN., NOV. 23.

I was subject to miscarriage for three years, and suffered constantly with backache. I wrote to you for advice, and after using three bottles of Wine of Cardui, according to your directions, I am strong and well, and the mother of a fine girl baby.

Mrs. E. N. JOWERS.

Wine of Cardui

There is no use talking—a baby in the house is the link that binds husband and wife together. Nothing is sadder than fruitless wedlock. The prattling and cooing of the little ones offset a thousand times the occasional worries and trials of life. When a wife is barren, there is a derangement somewhere in the genital organs, caused by one or more of those common disorders known as "female troubles". Wine of Cardui is the remedy. It puts the organs of generation in a strong and healthy condition, fitting the wife for the sacred duty of reproducing her kind. During the period of gestation the entire system of the expectant mother is built up to withstand the ordeal of labor, and when the little one makes its advent it is lusty and strong, well-fitted to grow to maturity in perfect health. The mother, too, passes through the trial with little pain and no dread. Wine of Cardui is truly a wonderful medicine for women.
